MR VINODH KUMAR SUNDARAMOORTHY
C-14 RADIAL HOUSE
PERIYAR SALAI THIRU NAGAR
ASHOK NAGAR
CHENNAI TAMIL NADU 600083 INDIA

Dear Vinodh Kumar,

Course Name: Master of Professional Engineering (Accelerated) - CRICOS Code: 098247M

We have been advised that you have discontinued your studies in the course referred to above. Following is some important information regarding your discontinuation and the management of your visa status.

Please note that students who totally discontinue from their program of study are required to reapply for admission should they wish to return to the University in the future. A discontinuation does not negate any requirement by the University for a student to show cause nor any decision by the University regarding exclusion.

Please check your account in [Sydney Student](#). If it is in credit you can request a refund online (go to 'My finances', 'Your finances', 'Continue', then 'Request refund'). The refund will be processed in accordance with the [International Student Fee Refund Policy 2017](#).

As full-time study is a condition of your student visa, you will now need to either continue to study at an approved education provider or return to your home country. We have notified the Department of Home Affairs (DHA) that you have permanently discontinued your studies at this university, your electronic Confirmation of Enrolment (eCoE) has been cancelled and therefore, you may be subject to visa cancellation.

For any visa advice, please contact [DHA](#) at:

Upper Ground Entrance
26 Lee Street
Sydney NSW 2000
Phone 131 881

The information about Australian embassies, diplomatic posts and DHA offices located outside of Australia can be found at [dfat.gov.au/missions](#).

For non-visa queries, please email esos.compliance@sydney.edu.au and quote your student ID number.

We wish you all the best for any future studies you may undertake.

Kind regards,

M. Baric
